

Patient Portal

Get connected with My Health Home Patient Portal

You can have online access to your hospital inpatient records—test results, medications, procedure information, diagnoses and discharge instructions—through a secure Patient Portal.

Information from your hospital stay is usually available 36 hours after you are discharged.

It's easy to use and convenient. The Portal has user-friendly navigation, and you can access it from any computer or mobile device with internet connection, at any time.

Once you set up your account, bookmark the site to make it convenient to check in regularly to view and download your information. When information is added, or if there has been a

requested change to your Portal account (such as password, email/username or other contact information), we will send you an email.

It's secure.

Your information in the Portal is kept confidential. Only you—and those you authorize—will be able to see or gain access to the information in your Portal.

We will not share, sell or lease your personal information with any outside party not affiliated with our organization.

Each time you log in, you will enter your username and password. Your email address is only used the first time you log in.

It's free.

My Health Home Patient Portal is free—provided by Ozarks Healthcare to help you become a healthier, more informed patient.

Get an account today. Ask us! And learn more at www.ozarkshealthcare.com For help using the Portal, call our Help Line at 417-505-7832 ext 7020, Monday through Friday, 8:00 a.m. to 5:00 p.m. CT.

It's quick to set up an account.

Go to www.ozarkshealthcare.com and click on The Patient Portal. Select Create Account. You will be prompted to complete the enrollment request and submit.

Patient Portal Home Screen

The screenshot shows the Patient Portal Home Screen for Alaina Ambtst. The user's name and birthdate (October 28, 2001) are displayed at the top. A navigation menu on the left includes Dashboard, Appointments, Billing, Calendar, Documents, Health Record, Medications, Messages, Past Visits, Questionnaires, and Results and Reports. The main content area is divided into several sections: Announcements, Appointments (with a 'Schedule' button), Results and Reports (showing office visit details and lab results for Albumin, Alkaline Phosphatase, and ALT), Medications (listing clonazepam, albuterol sulfate, and amlodipine), Questionnaires, and Messages (with a 'Compose' button). A Billing section at the bottom right shows a total balance of \$0.00.
